

House System 2024-2025

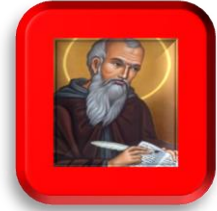

Each Tutor Group belongs to a House which are named after Saints that we feel represent different parts of our community life here at St Joseph's. The six Houses are:

St Cecilia

St Peter

St Jerome

St Teresa

St Mark

St Veronica

The House System forms an important part of our community here at St Joseph's where we compete and support one another in everything we do. Each House is headed by a member of staff (Head of House) and two pupils as House Captains in each year group. We would encourage all students to try their very best in all different activities and competitions. Every week at least one House competition will take place which will be led by a member of staff. House competitions often span various areas, including sports, arts, academics, and cultural activities. This variety allows students to explore different interests and talent. Please be proud of your House and celebrate all the successes achieved this year.
